

Contents

Biotechnology & Genetic Resources

- 217 Characterization of Duck Microsatellite Repeat Sequences Hideaki TAKAHASHI, Masahiro SATOH, Mitsuru MINEZAWA, Tresnawati PURWADARIA and Hardi PRASETYO

Agricultural Environment

- 221 *Claviceps sorghicola* and *C. africana*, the Ergot Pathogens of Sorghum, and their Cultural Control in Japan Takao TSUKIBOSHI, Tadayuki SHIMANUKI and Hironori KOGA
- 227 Eradication Programs of Two Sweetpotato Pests, *Cylas formicarius* and *Euscepes postfasciatus*, in Japan with Special Reference to their Dispersal Ability Seiichi MORIYA and Takahisa MIYATAKE

Agricultural Engineering

- 235 Development of a Current and Water Quality Observation System Using Drift Type DGPS Buoys Hideto FUJII, Hirohide KIRI and Tetsuo NAKAYA
- 245 Analysis of Soil Erosion and Sediment Transport along a Rill Channel using a Sediment Transport Model Azuma TAKAGI, Seiji NAKAO and Tatsumi TOMOSHO
- 255 Rotary Tilling and Ridge-Making Methods for Heavy Clay Soil Hisashi HOSOKAWA, Kazuhide ADACHI, Kouichi ITOH and Morio MATSUZAKI

Horticulture

- 263 Regulation of Flowering in Stock [*Matthiola incana* (L.) R. Br.] by Manipulation of Gibberellin Biosynthesis Tamotsu HISAMATSU and Masaji KOSHIOKA

Animal Husbandry

- 271 Concentrations and Crystallization of Phosphate, Ammonium and Minerals in the Effluents of Bio-Gas Digesters in the Mekong Delta, Vietnam Kazuyoshi SUZUKI, Takeshi WATANABE and Vo LAM

Forestry

- 277 Rehabilitating Eutrophic Lakes Using Tree Planting along the Shoreline Takashi YOSHITAKE, Kazunori SHIMADA and Michiaki OKANO

Fisheries

- 281 Production and Use of Marine Algae in Japan Masakazu MURATA and Jun-ichi NAKAZOE

- 291 Contents and Author Index for Vol. 35
